DETAILED ACTION

Claim Rejections - 35 USC § 112

1. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

2. Claims 24-48 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Claim 24 is not clearly understood because the phrase “the electric motor introducing a drive torque directly into one of the pivot joints connecting the two roof elements” appears to require more than one pivot joint connecting the two roof elements. The drawings only show a single pivot joint between two adjacent roof elements. Please clarify.

Allowable Subject Matter

3. Claims 24-48 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action.
4. Claims 49-52 are allowed.
